HOUSE OF REPRESENTATIVES, COMMITTEE ON SCIENCE AND TECHNOLOGY,

Washington, DC, April 17, 2009.

Hon. JAMES L. OBERSTAR,
Chairman, Committee on Transportation and Infrastructure, House of Representatives, Washington, DC.

DEAR CHAIRMAN OBERSTAR: Thank you for your April 17, 2009 letter regarding H.R. 1145, the National Water Research and Development Initiative Act of 2009. Your support for this legislation and your assistance in ensuring its timely consideration are greatly appreciated.

I agree that provisions in the bill are of jurisdictional interest to the Committee on Transportation and Infrastructure. I acknowledge that by forgoing a sequential referral, your Committee is not relinquishing its jurisdiction and I will fully support your request to be represented in a House-Senate conference on those provisions over which the Committee on Transportation and Infrastructure has jurisdiction in H.R. 1145. A copy of our letters will be placed in the Committee Report on H.R. 1145 and in the Congressional Record during consideration of the bill on the House floor.

I value your cooperation and look forward to working with you as we move ahead with this important legislation.

Sincerely,

BART GORDON,
Chairman.

COPS IMPROVEMENT ACT OF 2009

SPEECH OF

HON. RUSH D. HOLT

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Thursday, April 23, 2009

Mr. HOLT. Mr. Speaker, I rise in support of this important public safety legislation.

The Community Oriented Policing Services, or COPS, program is one of the most successful law enforcement support programs ever initiated by the federal government. As the National Association of Police Organizations noted in their April 21 letter to me on this bill, "With the support of the COPS Program, community policing has been a dominant force behind the dramatic reduction in crime this nation has witnessed over the past 13 years." It's also clear that our communities are desperate to see this program properly funded, after eight years of neglect.

NAPO noted in their letter to me that in the last month, the COPS Program office received over 7,200 applications for the COPS Hiring Recovery Program (CHRP) grant funding contained in the American Recovery and Reinvestment Act, the "stimulus bill." Those 7,200 applications amounted to a request for funds to hire 40,000 more officers nationwide. Yet the \$1 billion CHRP contained in the stimulus bill would allow local communities to hire only 5,000 to 6,000 new police. For New Jersey, previous COPS funding has meant an additional 628 police officers and/or sheriff deputies were walking the beat in the local commu-

nities of my Congressional district. Further, 33 school resource officers were hired to ensure that our children's schools are safe. H.R. 1139 would raise the CHRP authorization level to \$1.25 billion, allowing state and local law enforcement to hire more officers. Based on historical funding data, this bill would allow New Jersey alone to hire more than 2,000 additional police, and those would be welcome reinforcements for our current law enforcement officers who are working to improve the quality of life in communities across New Jersey.

Mr. Speaker, this is a good and much needed bill, and I urge my colleagues to join me in supporting it.

ALTERING LAID OFF EMPLOYEES IN REASONABLE TIME ACT

HON. LUIS V. GUTIERREZ

OF ILLINOIS

IN THE HOUSE OF REPRESENTATIVES

Monday, April 27, 2009

Mr. GUTIERREZ. Madam Speaker, I rise today to announce the introduction of my bill, the Alert Laid off Employees in Reasonable Time (ALERT) Act, legislation to amend the definition of "mass layoff" in the federal Worker Adjustment and Retraining Notification (WARN) Act and to increase penalties for the violation of this act.

With unemployment levels on the rise, widespread layoffs have ravaged our nation's workforce. All too frequently, employees are provided with no more than a month's notice to prepare for unemployment, and often less than that. This is a critical time that employees need to prepare for unemployment and to make informed financial decisions.

Current federal law does not do enough to protect these workers. Under the federal WARN Act, employers are only required to provide 60-days notice if the mass layoff impacts at least 500 employees or 33 percent of a workforce when that percentage represents at least 50 employees at one employment site. More and more, companies are conducting widespread layoffs which, nationwide, can impact hundreds and even thousands of employees but these massive layoffs often fail to trigger the WARN Act at each employment site. As such, far too many employees are denied the protections they are entitled to.

To address this issue, I am proud to have introduced the ALERT Act. This legislation amends the definition of a "mass layoff" to include layoffs by one employer at more than one worksite. In addition, this bill would increase the penalty for violating the WARN Act to two times back pay and benefits.

Madam Speaker, in these challenging economic times it is our responsibility to do all we can to protect the workers. We must always remember that they are a key component to the growth of our economy and we must always ensure that they are protected, especially in this time of uncertainty. I am joined in support of this bill by the United Electrical Workers Union (UE) and the United Food and Commercial Workers (UFCW).

TRIBUTE TO THE 10TH ANNIVERSARY OF THE FREMONT FAMILY RESOURCE CENTER

HON. FORTNEY PETE STARK

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

Monday, April 27, 2009

Mr. STARK. Madam Speaker, I rise to pay tribute to the Fremont Family Resource Center (FRC) located in Fremont, California. FRC opened its doors in June of 1999 and is currently celebrating ten years of service to the community.

The Fremont Family Resource Center is a collaborative effort of 27 California State, County, City and non-profit service agencies, all working together to serve families in the Tri-City area of southern Alameda County. Together, these agencies made the FRC a "one-stop shop," where families can access a vast array of support services and programs. Their many services include adult and youth employment, child care information, referrals, subsidies and counseling and case management, housing information, parent support, immigration services, family economic success programs, services for the disabled, nutrition services for mothers and children, domestic violence prevention services, and health insurance counseling.

Tri City families make over 100,000 requests annually to FRC for services. The organization has become a model of service that has gained national and international interest and attention.

On the evening of May 2, 2009, FRC will celebrate its 10th anniversary and honor the individuals who have contributed to its success. As Fremont's Human Services Director, Suzanne Shenfil's "out of the box" thinking and leadership has led efforts to mobilize needed social services for vulnerable individuals in the Tri-City community. She has worked tirelessly to bring government and community organizations together to creatively eliminate barriers and build systems to serve those in need. Ms. Shenfil is the impetus behind the creation of the Fremont Family Resource Center.

In addition to the acknowledgment of Suzanne Shenfil, special recognition is also given to other members of the Fremont Family Resource team for their commitment and dedication to insure the success of the FRC. This team includes Letha Barnett, Schuman-Liles Clinic; Ledyia Cedenio, State Department of Rehabilitation; Rodney Clark, Safe Alternatives to Violent Environments; Tony Limperopulos, Alameda County Behavioral Health Care Services; Shirley McPherson, Child Care Links; and Allen Jackson, Tri-City One Stop Career Center, and the Employment Development Department.

I join the Tri-City community in expressing appreciation to Human Services Director Suzanne Shenfil, the Family Resource Team, and staff and partner organizations for their vision and leadership over the past ten years of exemplary service.
